VISION, VALUES AND OBJECTIVES

MISSION STATEMENT

The mission of the Heritage School of Interior Design is to empower the creativity of aspiring interior designers with a quality, hands-on education to achieve personal growth and professional success.

OUR CORE VALUES

The Heritage School of Interior Design Core Values provide the unchanging principles that guide our educational philosophy, hiring, admission and recruiting practices and our decision making. We aspire to these values and seek to uphold them in our interactions with staff, students and client relationships.

HERITAGE CORE VALUES

- Empower the success of others
- Pursue growth and learning
- Be creative and open-minded
- Be passionate and determined
- Have the courage to change course
- Be humble and collaborative

FROM THE EXECUTIVE DIRECTOR

As a proud graduate of Heritage School of Interior Design, I've experienced firsthand the transformative benefits of this program. Before enrolling, I had industry experience but lacked the technical skillset needed to elevate my designs both creatively and financially. After graduating, my ability to tackle larger, more complex projects significantly improved, and my revenue grew substantially as a result.

Through this pivotal experience, I discovered an even deeper passion: sharing what I've learned with others. Empowering aspiring designers to pursue their dreams and experience the joy of creating is one of the most rewarding parts of my journey. I find

immense fulfillment in helping people thrive, both personally and professionally, and in building a supportive community that lifts each other up.

My goal for every student in this program is to help them build the confidence to pursue a career they love and the freedom to express their creativity in ways that are both financially sustainable and fulfilling.

Bridget Meiners, Executive Director

EDUCATION GOALS AND OBJECTIVES

The goal of the Heritage School of Interior Design Interior Custom Design Program is to prepare you for success in a career as an interior design professional which includes self-employment as an independent Interior Custom Designer, sales, or service.

Interior Designers work with the spatial organization, colors, patterns, textures and harmony that define the space in which we live and work. Students of the program learn how to combine these elements to create a mood and style that expresses the individual desires and style of the client. The program focus is on existing interior spaces for residential and light commercial settings.

The instructional design program (288 clock hours of instruction) is personalized to ensure a learning environment in which professional goals can be met. While the development of design and sales skills are the primary focus, we believe that other areas deserve equal attention. Customer service, communication skills and styles, professional practices, business procedures, product knowledge, presentation strategies and paperwork are covered throughout the program. In order to meet these objectives, a highly individualized mode of instruction with limited enrollment of 24 students is offered. This creates a learning environment that encourages a professional attitude and habits and meets the individual needs of each student. A complete curriculum outline is available on the website and on the following pages.

CRITERIA FOR ENROLLMENT

HSID accommodates a wide variety of students. Students must be 18 years of

age or older and must possess a high school diploma, GED or equivalent. Previous experience is not necessary. The Director of Operations meets with applicants to determine their career interests, skills, attitude and motivation. HSID criteria are based upon demonstrated maturity and the desire to complete and further one's career goals in interior design. Applicants fill out an application which is reviewed prior to acceptance. Heritage School of Interior Design admits only those whom it believes will benefit from the education.

ENROLLMENT PROCESS

The first step of the enrollment process is to arrange a personal interview with the Director of Operations and/or Executive Director to discuss mutual goals and expectations of the program. Information will be made available regarding course offerings, fees for education, registration procedures and payment options.

After the personal interview, interested students must complete and submit an Application. If the student meets the enrollment criteria then they will be notified via email that they have been accepted into the program. Students will receive their acceptance letter no later than one week after submitting their application.

The remaining enrollment paperwork is included in the formal welcome email, which is sent one month prior to the start date of the Fundamentals of Interior Design course. Approximately 1 week prior to the start date, students will attend a new student orientation. Following orientation, students will meet with the Director of Operations and/or Executive Director to review enrollment paperwork and process their tuition payment.

Enrollment may occur up until the day the course begins, space permitting.

REAPPLICATION PROCESS

If an applicant is denied enrollment, they may apply again once circumstances that may have interfered have changed and been discussed to the Director of Operations satisfaction.

ADMISSION OF PHYSICALLY OR MENTALLY CHALLENGED STUDENT

Handicapped or physically challenged persons who meet the "criteria for enrollment" (described in the Criteria for Enrollment section above) are eligible for education.

TRANSFER OF CREDITS

Heritage School of Interior Design operates on clock hours rather than academic credits. The transferability of coursework to another college, university, or institution is not guaranteed unless a formal written agreement exists. The acceptance of any credit is solely at the discretion of the receiving institution.

We are a certificate-based program focused on providing practical, hands-on education in interior design. While we are not an accredited institution, our curriculum is designed to equip students with the skills, knowledge, and industry experience needed for success in the field.

PRIOR CREDITS AND/OR EXPERIENCE

Prior educational credits or past experience is not transferable to Heritage School of Interior Design due to the unique nature of our program.

REFRESHER COURSES

Graduates of the program may attend segments of the coursework at no additional cost as space permits. Students may retake the entire course at any time for half of the current published rates.

AUDITING COURSES

Students may audit courses at the full rate if space is available and the instructor agrees. Auditing students will not receive a grade and class participation may be limited by the instructor. Students enrolled in the Master Certification Program must receive a grade for each course and therefore can not audit a class if they want to receive credit.

GRADUATION

The graduation ceremony and celebration is held at the school on the last day of class.

ABOUT THE OWNER

Bridget Meiners, a seasoned design industry professional, is the Owner and Executive Director of the Heritage School of Interior Design (HSID) in Utah. In May 2024, she purchased the licensing agreement from HSID National and expanded its legacy by establishing a new campus in Salt Lake City, Utah-drawing from the rich history and success of HSID.

Bridget's professional background includes founding and operating an independent interior design studio specializing in residential design. Her experience spans custom new builds, remodels, staging for real estate professionals, and furnishings. These experiences not only honed her design expertise but also shaped her leadership abilities and entrepreneurial acumen.

With a thriving design career and a deep appreciation for the value of dedication and perseverance, Bridget discovered her true passion: empowering and inspiring the next generation of designers. This passion led her to the opportunity to acquire Heritage School of Interior Design, Utah, a venture perfectly aligned with her vision.

Under Bridget's leadership, HSID Utah is committed to providing students and alumni with a dynamic educational experience, ongoing support, and meaningful career opportunities. Her mission is to continuously evolve the program to meet the demands of the design industry while fostering creativity, professionalism, and success for all who attend.

ATTENDANCE

Attendance and punctuality is critical to success. If for any reason a student will be late to class or absent, we require notification. Tardiness and absence are recorded in the student file and discussed with the students personally. Students can miss a total of 3 days of the Fundamentals of Interior Design course (not consecutive days) and a total of 1 day of each elective course and still qualify to graduate. Allowances are made for absences resulting from emergency situations and are evaluated on a case by case basis. Students may be terminated and pick up in next class session for extenuating circumstances such as personal or family illness. If unexcused absences become excessive and prove detrimental to their education, termination may be required. Students are required to request an excused absence for personal reasons

with the instructor. If a student is tardy to class (more than 15 minutes) 3 times, it is considered an unexcused absence for one full class day. After 3 tardies, a written warning will follow. If late arrival to class continues after the written warning the student will be put on probation.

JENNIFER ADAMS, ADVISORY BOARD MEMBER

Jennifer's journey began with humble beginnings, where limited resources in her family instilled a strong work ethic from an early age. As a teenager, she worked as a housekeeper, learning firsthand the impact of a well-cared-for home. From organizing and tidying spaces to transforming bedrooms into inviting sanctuaries, she discovered the profound joy of creating environments that brought comfort and happiness to others. Though she didn't realize it at the time, this experience would become the foundation of her life's work—something she remains deeply grateful for today.

Pursuing her passion, Jennifer trained as an interior designer, earning recognition for her expertise in creating exceptional bedrooms and luxurious bedding. Her talent led her to design for Hollywood's elite, five-star resorts, and even private jets, honing her ability to blend elegance with comfort.

With a desire to elevate the sleep experience further, Jennifer embarked on a mission to study the science of sleep. She traveled the world to source the finest fabrics and weaving techniques, culminating in the creation of her first *Eternal Collection by Jennifer Adams Home*—a line that redefined softness and set a new standard for luxury bedding.
